

Cyberster

SUPERCARGED SOPHISTICATION

SINCE 1924

100 YEARS OF PASSION

For a century, MG has turned drivers into romantics: with cars that raced at Le Mans, cruised coastal roads, and stirred something deeper. Now, the MG Cyberster carries that legacy forward. Born from the bloodline of MG's most iconic roadsters and infused with cutting-edge performance, this is a roadster charged for the next century with drop-top glamour and eye-catching style.

FALL FAST, DRIVE FASTER

That flutter in your chest as the roof drops. The adrenaline kick when the motor surges. The grin you can't hide when the road opens up. The MG Cyberster is the kind of car that gets under your skin, and stays there. With rear or four-wheel drive options and lightning-fast EV torque, the MG Cyberster is a feeling you'll chase again and again.

FEEL ELECTRIC

CAPTIVATING BY DESIGN

Some shapes just spark something. The MG Cyberster's silhouette is all muscle and magnetism: low, wide, sculpted for speed. With its scissor doors, aerodynamic Kammback Tail Design, and arrow-shaped tail lamps, every angle is elegantly engineered to make your heart skip a beat. Beautiful, rebellious, and unmistakably MG.

SCULPTED & SEXY

DRIVER-CENTRED TO A TEE

Touchscreens where you want them. Buttons where you need them. The MG Cyberster's interior wraps you in a space designed for connection: between you and the road, and luxury and innovation.

A triple-screen wraparound display brings you navigation and infotainment where everything points toward the driver, while a chrome-free sport steering wheel and sculpted Y-shaped seats bring you proper indulgence. This is for those who appreciate the finer things in life.

THRILL READY

SPEEDSTER DNA

The moment you hit the pedal, it's on. The MG Cyberster clocks 0-100 km/h in a searing 3.2 seconds*, hand-in-hand with EV torque, Brembo braking, and launch-ready engineering. This roadster doesn't just get you there. It gets you ahead.

TUNED BY F1 ENGINEERS

Formula 1 minds tuned this, and you'll feel it accordingly. The MG Cyberster is not only tuned for thrilling track races, but its launch control gives you a spine-tingling start, while its adaptive driving modes gives you the ability to command your drive with the flick of a switch.

RACETRACK BRED

MADE FOR REAL DRIVERS

Experience total control at your fingertips. The 4-Wheel Drive MG Cyberster gives you the full performance suite: lightning-fast launches, taut handling, and serene stability for whatever the road throws your way. Or, opt for Rear-Wheel Drive for a purist, playful driving experience.

SMARTER POWER FOR A SMOOTHER DRIVE

The MG Cyberster's sleek & compact horizontal battery layout is a class-leading, 110mm ultra-thin battery pack (smaller than a can of soda) with excellent levels of energy density. Thanks to cutting-edge innovation, it provides longer range, better charging time, and longer battery lifespan for even more memorable journeys.
